Who We Are

JITM is a Multi-Dimensional group working all across India since 1989 with 3000 employees on the payroll. JITM is broadly catering to the sectors of Education, Skill Training, Diagnostics, Hospitality, Home Care, Manpower Supply & Diagnostics reagents manufacturing. Since its inception, JITM has trained and empowered more than 15 Lakhs youths, primarily trained as Medical Laboratory Technicians, Phlebotomists, General Duty Assistants, Home Health, Empowering the Society with a Better Health!

Empowering Society with Better Health!

Prof. Yogesh Kumar
(Founder & Chairman)

I started with prioritizing the health and care of the masses while pursuing professional passions. My goal is to make our customers feel empowered with all the essential services required to live a safe, secure, and convenient life. At JITM Diagnostics, we ensure that we provide best-in-class services by utilizing state-of-the-art technology, infrastructure, and professional and qualified expertise. We believe in simplifying, energizing, and securing the life of people. Our customers get access to the facilities like home collection facilities and get the reports the same day online as well as at the center. With our unique initiatives such as Mobile Diagnostics Labs etc., we have been empowering society with better health!

Manav Chauhan
(Chief Operating Officer)

Manav Chauhan is next generation entrepreneur who leads JITM Diagnostics as Chief Operating Officer & Group Head of Diagnostics Business. In a quick span since his association he has successfully rolled out various profit centre verticals and amalgamated its operations with parent organization knowledge base. He has been instrumental in rolling out JITM business ventures. His vast experience in project development, management and implementation, Health care Facility, Advisory & consulting roles helped JITM in capacity building & sustainability and ensuring that it delivers on its promise and commitment regardless of challenges.

What we do

The major challenge that any industry faces is to find Skilled Manpower at the right time for the right place and further to retain them. Therefore, JITM has been working toward Skill Training and Development with its pioneer sister Company – JITM Skills Pvt Ltd. With its presence in 120 cities, it has been providing training to 2 Lakh Youths annually. We believe in “Working for a Better Tomorrow.” Therefore, for taking up any new project, the staff required is selected immediately from the available pool, and continuous refresher training is provided to them.

JITM Diagnostics, believing in जहाँ बीमार—वहीं उपचार, is one of the leading and fastest growing networks of laboratories with the richest test menu, fastest turnaround time, while maintaining quality of services in India.

JITM Group has rich experience working in Tier 2 and Tier 3 cities and getting connected with people. JITM has a presence in more than 150 cities with state and regional offices, with dedicated and quick support. JITM Diagnostics has already developed laboratories in Tier 2 and Tier 3 cities and is getting an overwhelming response.

Empowering Health, Improving Lives, Developing Nation

Be First, Be Different!

We believe in working towards improving society and taking care of everyone's well-being and health. We understand that, in rural areas, laboratory services are not available cost-effectively, and the quality of the services is not up to the mark. Also, the people in rural areas depend on the metro cities for laboratory facilities, which leads to more time than usual in testing and reporting. It also compromises the quality of the reports due to the maximum time to transport specimens from the sample collection center to the testing laboratory.

Organized Diagnostics Services

- Quality
- Accuracy
- Consistency
- Affordability

Leading You
Towards a Better
Health

Mission

We are working towards समय पर इलाज, सही जाँच, उत्तम निदान. To contribute to the well-being and health of everyone by inspiring hope and faith.

Vision

To provide Laboratory Services and facilities all over India and connect India's every rural area and small town with our unique initiatives and laboratory services.

Values

To become a leading name with our values of Quality, Empathy, and Transparency with the primary value of improving the health quality of the masses.

Our Clinical Team

As one of the leading and renowned Diagnostics Labs in India, and to maintain the quality of the services, JITM Diagnostics hires a professional, trained and skilled workforce. Over 3000 professionals are working in the JITM Group on the payroll.

At JITM, we believe that the pathologist's role is integral to the patient's medical assistance and analysis. Our expert team comprises experienced microbiologists, pathologists, and technicians with a specialty in Microbiology, Biochemistry, Immunology, and many others. For taking up any new project, the staff required is selected immediately from the available pool, and continuous refresher training is also provided to them.

Safe & Healthy Environment:

At JITM Diagnostics, all the services are offered with the values of empathy and transparency, which provides a safe and healthy ambience.

Unique Initiatives:

JITM has taken some incredible and unique initiatives such as Mobile Diagnostic Labs, conducting Nukad Nataks for awareness, Local Connect with Pradhans, Asha workers, and Leaders of Religious Institutions, etc.

With the help of social media and website, people can easily book appointment blood test on a single click. Also, each test report will be comprising of patient's photograph so that authenticity of investigation can be maintained.

What is Unique about us?

Approved & Accredited:

JITM is managed and run by JITM Skills Pvt. Ltd., which is NABL and ICMR Approved.

New Age Diagnostics:

We incorporate the best practices and cutting-edge technology and infrastructure in offering our diagnostics and laboratory services with excellent quality, hospitality, and consistency in our services.

Massive Reach:

JITM Diagnostics has labs in Tier 2 and Tier 3 cities and is getting an incredible response.

Professional and Qualified Expertise:

3,000 employees are working on the payroll of the JITM Group. Hence, professional, qualified, and trained experts are the core strength of JITM Diagnostics.

Exceptional Turnaround Time:

At JITM, we understand the significance of faster delivery of health reports. Therefore, most reports are available within a few hours, online or at the center.

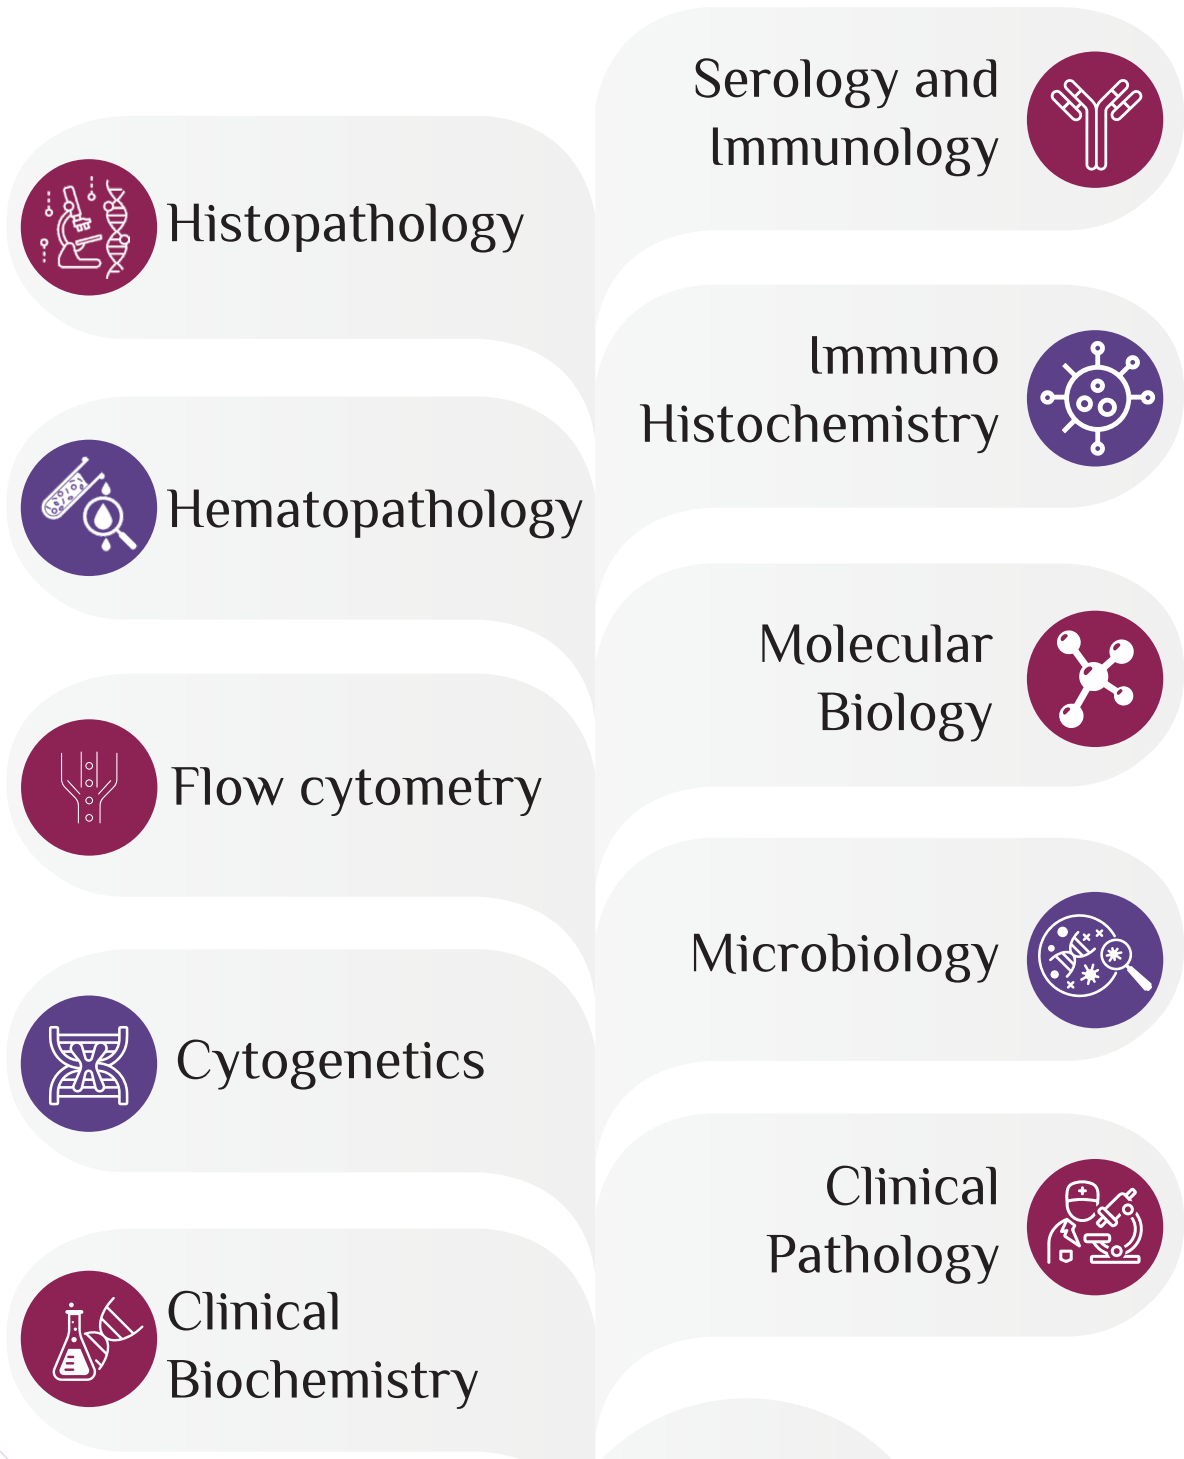

Home Sample Collection:

JITM's trained and qualified staff reaches as fast as possible to collect the samples from home on receiving the request.

Our Services Spectrum

JITM Diagnostics offers a wide spectrum of services of diagnostic testing needs across departments such as:

Quality Commitment

We Assure You of Quality!

JITM Diagnostics aims to ensure the highest level of quality that includes maximum diagnostic accuracy by dual review of each test. At JITM Diagnostics, the timely calibration and control run for each testing unit is performed. We also ensure the reporting of the results on time. We communicate effectively with the clinical staff and consult the experts who provide medical oversight on the laboratory quality. JITM Diagnostics ensures 100% reliable and accurate results and mandates the utilization of quality control products and procedures to provide quality services.

We Are Glad to Assist You!
